Thanks to a generous grant from Advisors Excel, The Shawnee County Suicide Prevention Coalition is able to offer an exciting opportunity for on-line training in suicide prevention. This training is offered through Living Works, which is a world leader in suicide prevention skills training. LivingWorks Start is a training which is fully on-line and interactive.

LivingWorks Start

In times of heightened isolation and anxiety, people's thoughts of suicide can increase. Now more than ever, in today's climate of uncertainty, it is essential that we have effective skills to keep each other safe, even if it is from afar. LivingWorks Start teaches us to recognize when someone is thinking about suicide and connect them to help and support.

LivingWorks Start is:

- Useable on any computer, tablet, or smartphone
- Interactive with practice and simulations
- Has built-in safety resources and features.
- Completed in 60-90 minutes.
- Appropriate for ages 16 and up (13 years of age with parental or supervised guidance)
- Works best on Firefox and Chrome, Microsoft Edge, Safari, and most mobile browsers (avoid Internet Explorer)
